

DAIRY HOLDINGS LIMITED ON-FARM ABLUTION POLICY

The Manager or Sharemilker must take all practicable steps to ensure all casual and permanent staff have access to toilet facilities while they are working on-farm. Permanent staff that live on-farm are expected to use their own facilities if there are no toilet facilities at the cowshed.

For staff that live off-farm, there are to be discussions with the Manager or Sharemilker at their induction and agreement will be reached to use the toilet facilities at the nearest dwelling with the approval of the occupants.

It is Dairy Holdings Limited Policy to build toilet facilities in new cowsheds or when cowsheds are upgraded. This Policy will remain in place until the farm has toilet facilities at the cowshed.
